### Minutes:

Motion to approve minutes from last meeting, MM first, JM second.

JM confirmed Higgins Mnt Wind Farm is \$1000/MW and stands corrected on the inquiry from last meeting of \$1500/MW

### AA provided a Project Update:

- Completed geotechnical investigation.
- Completed 10% engineering and soliciting preliminary bids from local contractors

Questions about noise and infrasound from turbines brought up by JM. Worried about the size of the towers, sound propagating from the mountain.

Discussed open house and feedback on what to see this weekend. MS talked about the family friendly event, there will be games available. CLC group asked if there was anything they could do to help.

MM talked about shared services that could be benefit to the local community because of this project.

MM doesn't have the ToR, MS to send. MM was wondering how the \$150,000 was to be distributed. We explained the CLC would be the administrator of the funds, contract will be held by the county.

MM suggested we send invite to the Premier, Warden and other political folks

Meeting ended at 7.45pm
